## What It Is

**Pottery Painting Fundraiser is:**

- a proven, popular, inter-active family experience. Students (preschool through K6) share their pottery painting activity with their parents.
- a complete turn-key program offered at zero charge to you.

**Artists-By-Design** offers an appealing, tested selection of 20+ ceramic bisque items (boxes, banks, and figurines).

- Paints are non-toxic water-based acrylics and require no firing.
- A clear glaze is applied to each finished piece for dazzling shine and protection.
- Pottery pieces are ready at the end of the event or sooner.

## How It Works

- The program is normally 4 weeks from introduction to completion.
- A full complement of painted samples are supplied for display and student selection.
- Order envelopes with pottery options are provided. Students choose their pottery pieces, collect funds and submit the envelopes.
- Student orders are collected in Weeks 1 and 2.
- Minimum event requirement is 30 participants.
- Event is held Week 4 at your school.
- This popular event is conducted by our fully-insured staff at zero cost to your school.
- Item costs are covered by contributions from parents, siblings, relatives or neighbors in support of the student.
- These are proven selections as confirmed by acceptance at over 15 resorts in California & Arizona at their "Pottery Painting Poolside Programs" (references available on request).

## The Event

- Our typical Pottery Painting Fund Raising Event is 1-1/2 to 2 hours.
- Students and their parents are invited to paint their pottery pieces.
- These are fun pottery pieces they like and want to keep (boxes, banks or figurines).
- We supply Tyvek smocks for the students while painting.
- Painters use as many colors as they like from a selection of 16 colors and 4 glitters.
- Project materials (brushes, sponges, paint plates, paper towels etc.) are included.
- Painters take as long as is needed to complete their piece.
- After pottery pieces are painted, our staff applies a glaze.
- The glazed painted pottery pieces are ready to take home by the end of the event.
